First All-Ukrainian Congress «Medical and biological informatics and cybernetics» with international participation. June 23–26, 2010, Kyiv, Ukraine
Extraction from the Congress Decision

Original Articles

Information technologies in clinical neurophysiology

Quantitative Heart Rate Variability (HRV)

O. Yu. Mayorov, V. N. Fenchenko
Application of the local index of fractality for the analysis of the short R-R Intervals series researching of heart rate variability

T. Mironova, E. Davidova, T. Sokolova
Heart Rate Variability at the Occupational Diseases

Fluctuations in time-domain of heart rate variability spectral indices in healthy volunteers

Information technologies in functional diagnostics

Quantitative ECG

L. S. Fainzilberg
FASEGRAF® — effective information technology of ECG processing for screening of coronary artery disease

Computer auscultations

V. T. Grinchenko, A. P. Makarenkov, A. A. Makarenkova
Computer auscultations is a new method of objectification of respirationsounds

Analysis of Images

A. M. Akhmetschin, L. G. Akhmetschina
Fuzzy segmentation of low contrast radiological images

Researching of influence compression degree and chromaticity on medical ultrasonic images quality

N. R. Bayazitov, L. S. Godlevsky
Laparoscopic images informative characteristics in the course of minilaparoscopic diagnostics

V. N. Sokolov, E. S. Stitnikova, I. P. Oleevskaja, N. P. Gadzhenenko, L. V. Anishchenko, U. V. Stasyuk
Methods of radial diagnostics of pancreas diseases

Perfuse computer tomography

S. M. Alkhimova, V. P. Yatsenko
Moments method for measuring perfusion parameters (review)

Telemedicine

O. I. Orlov, R. M. Baevsky, A. P. Berseneva, E. Y. Bersenev, A. G. Chernikova, I. N. Slepchenkova
Telemedical ecology as new scientific and practical direction

K. Rymarenko, D. Dobrynaysky
Telemedicine implementation in Ukrainian health care institutions: experience of Ukraine-Swiss Mother and Child Health Programme

The article is open to discussion

P. Ye. Grigoryev, G. V. Kilesa, N. I. Khorseva, V. V. Khramov, A. V. Olenchuk, E. E. Asanov
Information diagnostic system for determining a dependence of human state from influence of cosmophysical factors

Medical cybernetics, Modelling of functional systems

V. A. Lischuk
The organization of physiological systems providing integrity of the organism

Information-field technology

E. A. Yumatov
Information-field effects of registration of the subjective state of the person's brain

Information technologies in psychophysiology and professional selection

V. V. Kainysh
Contents-modelling of the process of man and technique co-evolution

M. L. Kochina, A. G. Firsova
Hardware-software complex for psychophysiological researches

Pharmacoinformatics

K. O. Zupanets
Computer modelling of glucosamine hydrochloridum, N-acetylg glucosamine and quercetine interaction in case of its combined composition use

I. V. Pestun, I. V. Bondaraeva, Z. N. Mushko, M. N. Nessonova
Method of prognostication of level of development of pharmacy enterprises by estimation of factors of microenvironment

Information technologies in medical education

A. A. Ryzhov
Model of knowledge in the distant learning systems. Part II. Comparative analysis of knowledge transfer process in studies systems on the basis of IDEFO technologies

Obituary: Platon G. Kostyuk (20.08.1924–10.05.2010)

The Legislation

Law of Ukraine. About protection of the personal data

Regulations on distance studies in establishments of postgraduate education. Project

The article is open to discussion

K. P. Vorobyov
To recommendation on presentation of results of clinical researches in dissertations and journal publications

Part I. Substantive provisions

Scientific Societies of Medical Informatics

The Ukrainian Association for Computer Medicine (UACM)

International Medical Informatics Association (IMIA)

European Federation for Medical Informatics (EFMI)

The European Association of Healthcare IT Managers (HITM)

Anniversaries

Yurij I. Gubsky — anniversary

Ozar P. Mincer — anniversary

Medical Informatics: Events, Conferences

Conference «Medical and biological informatics and Cybernetics: steps of the development» with the international participation. April 20–23, 2011. Kiev, Ukraine

New books

New books on medical informatics, statistics and epidemiology,
